AVOIMESSA TIETEESSÄ TAPAHTUU
OPEN SCIENCE HIGHLIGHTS
3/2018

UEF-kirjaston avoimen tieteen uutiskirjeessä kerromme ajankohtaisista asioista ja käytännön vinkeistä tutkijoille ja opiskelijoille. Ota yhteyttä kirjastolaisiin ja seuraa Yammerissa Open UEF- ja UEF Kirjasto-ryhmiä, avoimen tieteen käytänteet ja politiikat kehittyvät parhaillaan nopeasti.

Tässä numerossa teemana ovat kirjaston maksuttomat koulutukset. Päivitä osaamisesi avoimessa tieteessä ja muissa kirjaston ajankohtaisissa koulutuksissa. Tervetuloa mukaan!

Yhteistyöterveisin, UEF kirjasto

The UEF Library publishes an open science newsletter that features current topics and practical tips for researchers and students. Contact us at the UEF Library and follow our openUEF and UEF Kirjasto Yammer groups – open science policies develop rapidly today.

In this issue, the theme is library's free trainings. Come and update your skills in open science or in other timely training topics offered by the library. Welcome!

With collaborative regards, UEF Library

University Strategy
supporting Open Science

Lessons we learned

- Open Science means new ways of working, which challenges the Leadership and Management
  - ✓ Listen and Help
  - ✓ Rely and Encourage
  - ✓ Network
  - ✓ Hire staff with researcher background
  - ✓ Involve as many people as possible
  - ✓ Work systematically
- Open science has become everyday academic library jargon

Coming up…

- Multiprofessional Open Science Working Team nominated by the University Academic Rector in June 2018
  - ✓ Academic rector, professors, lawyer, members from IT-department, Administration and Library
- Keeping up with the national development:
  - ✓ Federation of Finnish Learned Societes taking the national coordinating role of Open Science
- Library's role in:
  - ✓ next-generation metrics? We have a post open right now
  - ✓ OA publishing? APC ?

Thank you!
